Dear Ms Boyd,

Re: 2010 Annual Report - Fisher & Sons, LLC

Thank you for allowing an extension for filing our report until May 1, 2011. I had a virus in my computer and was basically out of operation for a couple of weeks. We are back up now but have to reinstall the data and software from the company. It is my intention to have this completed in the next several days and submit it by fax at that time.

My telephone number is (843) 357-2412 if you need to contact me.

Sincerely,

David D Swaringen
